MONITORED ACCESS CONTROL PROJECT UPDATE

Dear Residents

Good news. We have received 67% of permission forms. We are busy contacting those who completed the online permission forms to sign these forms. We, as a committee, are still walking the streets and complexes as we want to reach 70% of signed permission forms before applying. This is a hectic time of the year for all of us, but we are doing our best to get the last few signed.

We are proud of the residents of FGNV! Thank you for your deposit payments. This enabled us to appoint a company to do the Traffic Impact study, which will be done before the end of this term. We urge those who did not pay their first deposits to do so, as other payments will soon be due. We will inform you when the application is handed into the City of Tshwane. **We will then reach the end of PHASE 1.**

Together we are making progress.
Please visit the website for the latest report.

FGNV Committee

Thank you for your assistance!

We thank Marius Scheepers and JP Tromp, who assisted us with legal and tax-related queries and advice.

We are now in need of a secretary to assist us. Please get in touch with one of the committee members if you are available.
